Constructivist model of learning

New learning is
based on knowledge
you already have.

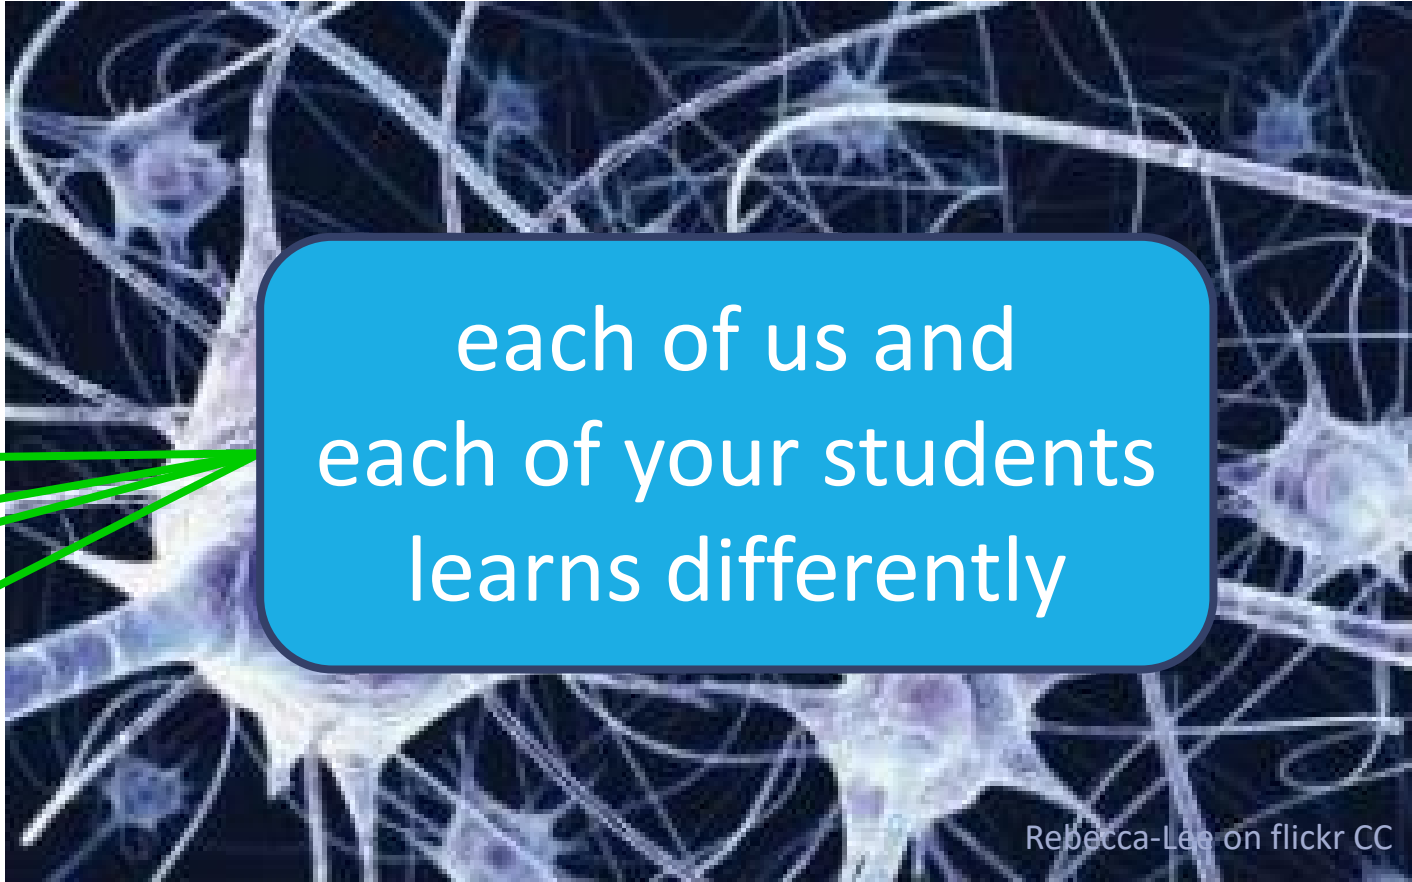

You store things in
your long term
memory by building
connections with
your existing
memories.

memories.

A network of neurons with a blue callout box containing text. The neurons are depicted with glowing purple and white filaments against a dark background. The callout box is a rounded rectangle with a dark blue border and white text. Three green lines connect the word 'you' in the first text block to the callout box, and two green lines connect the word 'your' in the second text block to the callout box.

each of us and
each of your students
learns differently

Social Constructivist model of learning

knowledge is
co-constructed

learning happens
with the assistance
of others

(Vygotsky, 1962)

Zone of Proximal Development:

*Range of tasks that are too difficult for
an individual to master alone, but can be
mastered with the assistance or guidance of
adults or more-skilled peers. (Vygotsky, 1962)*

Range of tasks that are too difficult for an individual to master alone, but can be mastered with the assistance or guidance of adults or more-skilled peers. (Vygotsky, 1962)

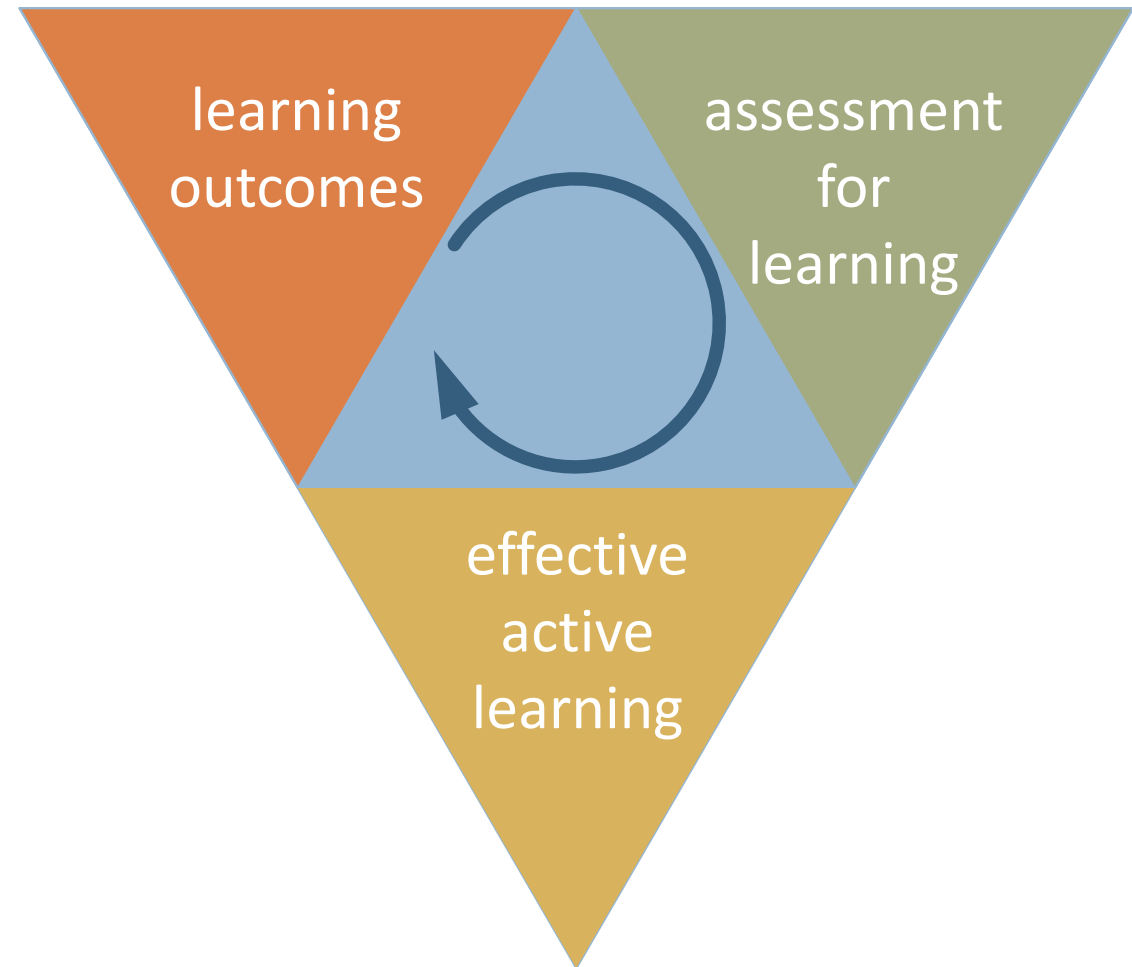

In the classroom and especially online, we need to provide **structure** for every student to **safely** collaborate, contribute, and co-construct their knowledge.

Design Challenge

Create lessons where students connect with concepts and co-create new knowledge

Solution

Backward design

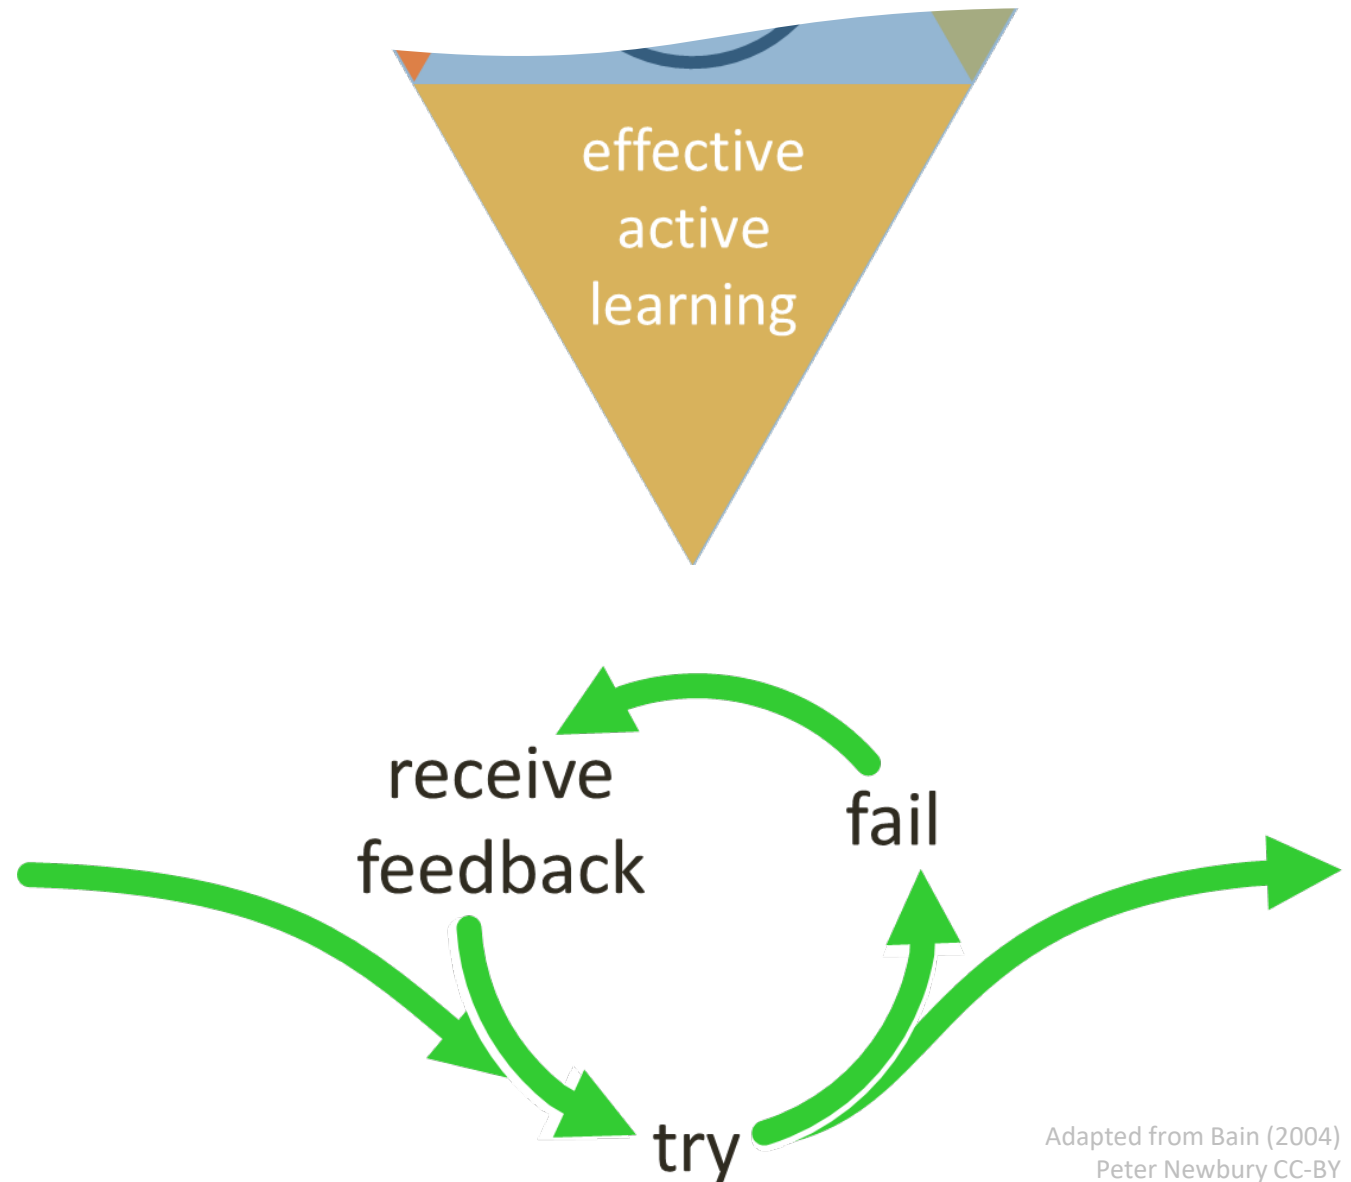

(Wieman)

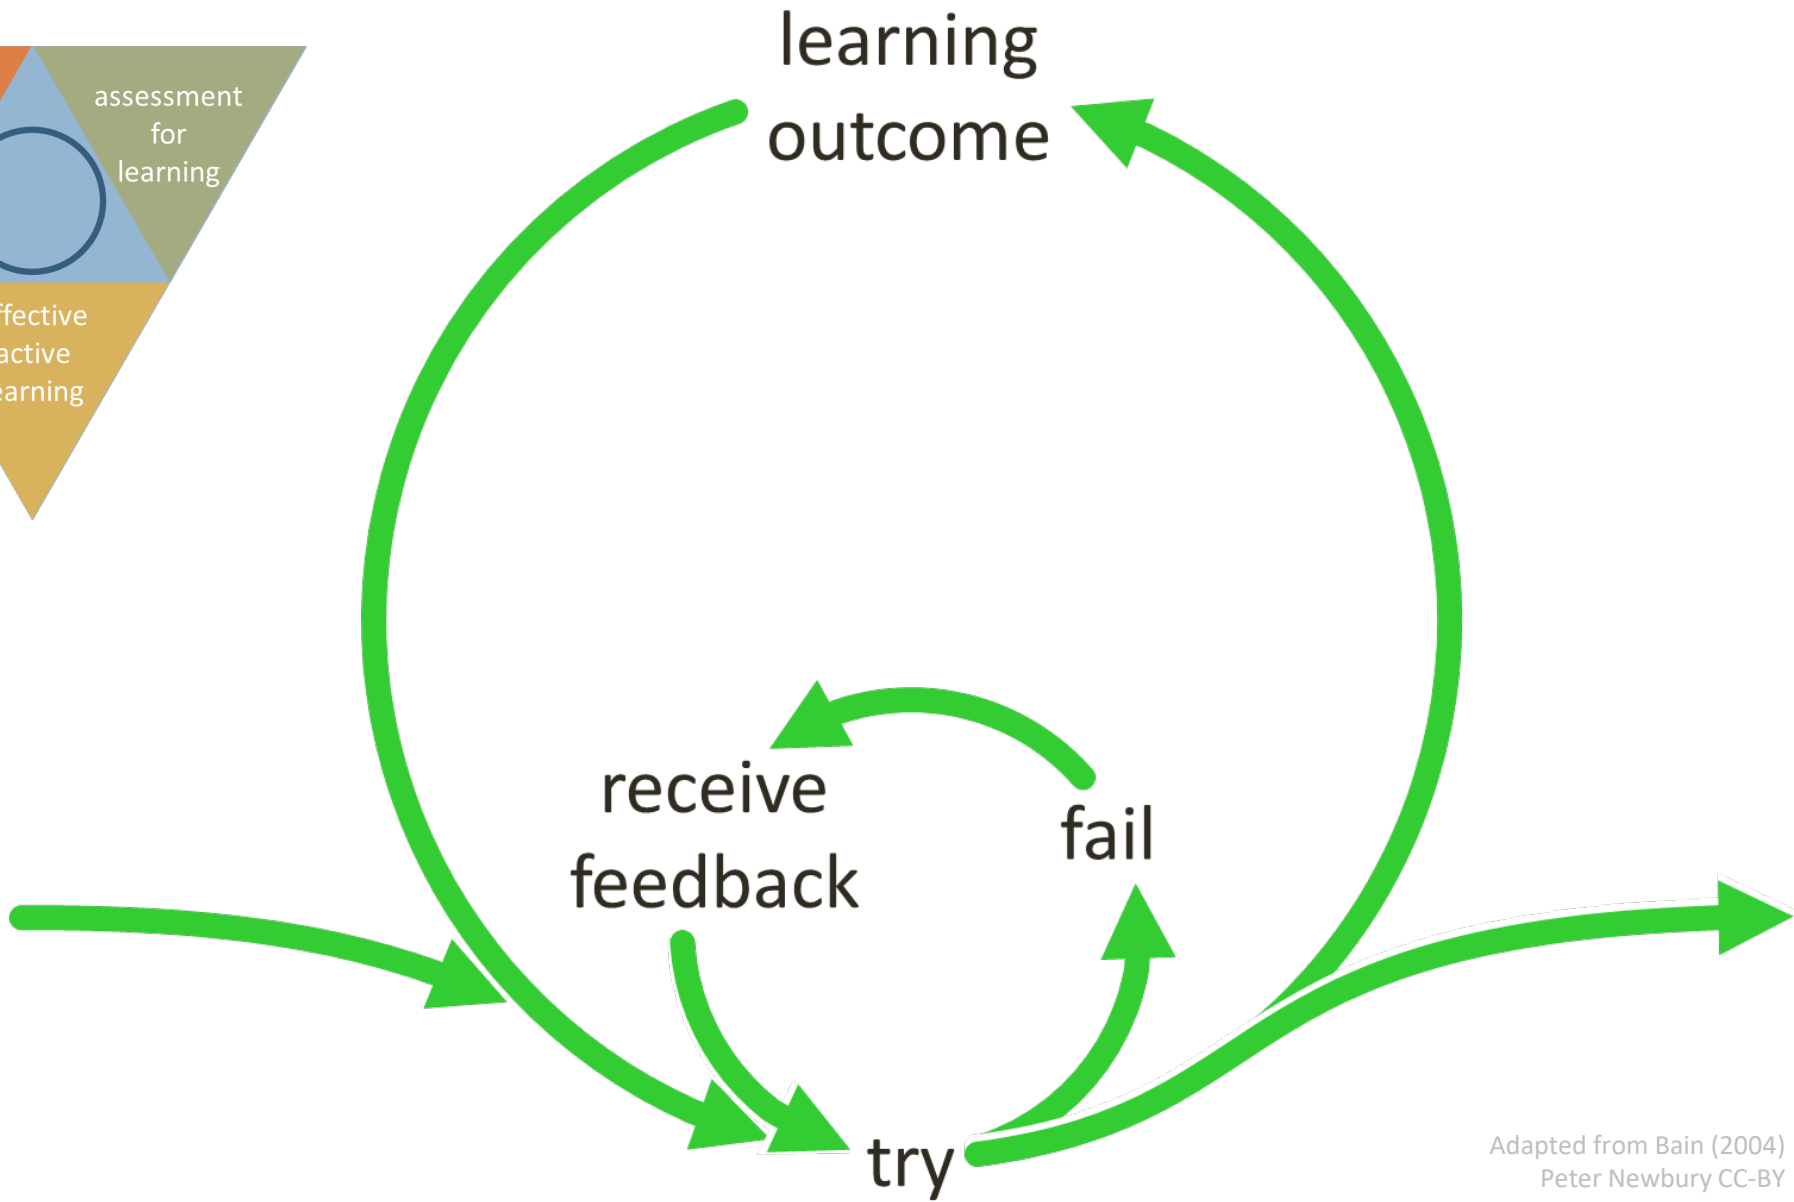

effective active learning

“students encounter safe yet challenging conditions in which they can **try, fail, receive feedback, and try again** without facing a summative evaluation.”

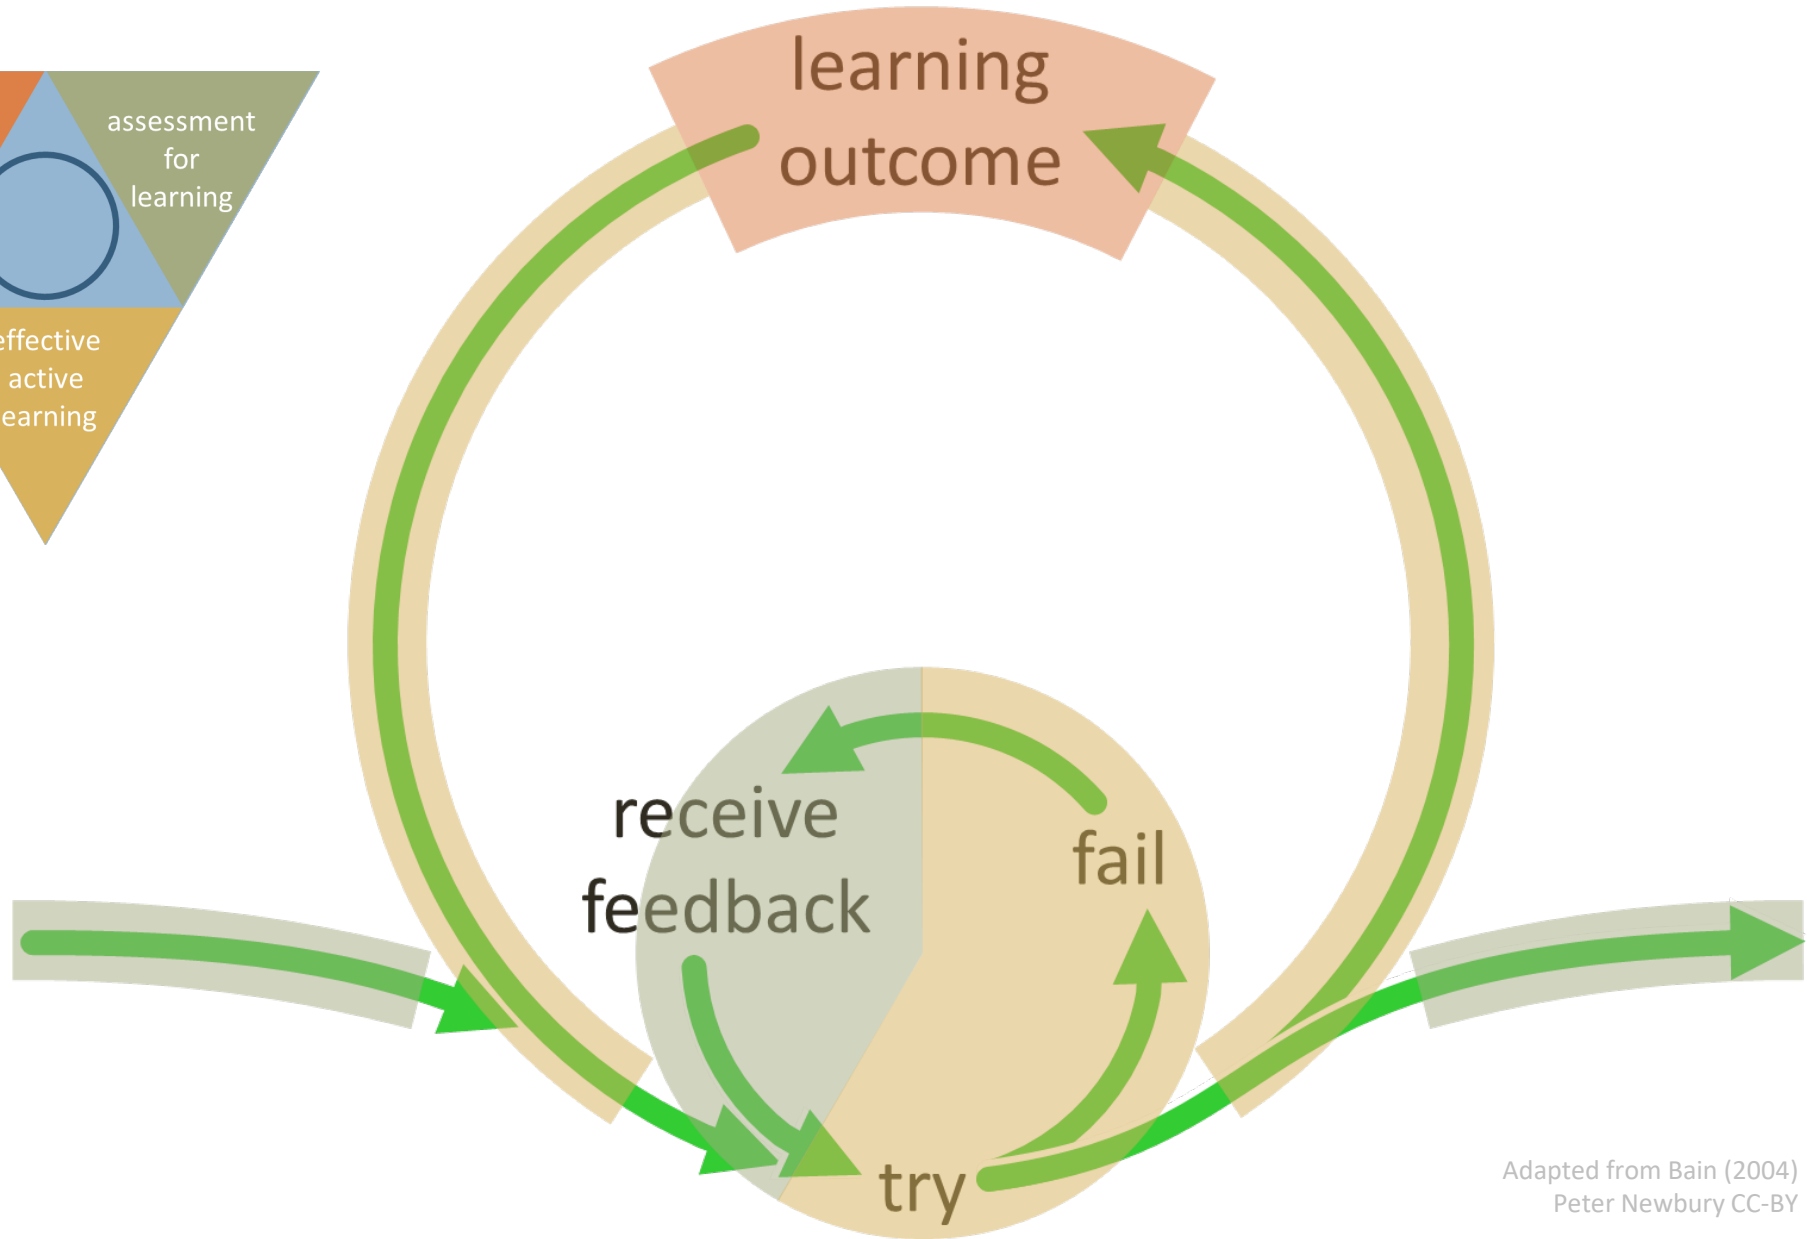

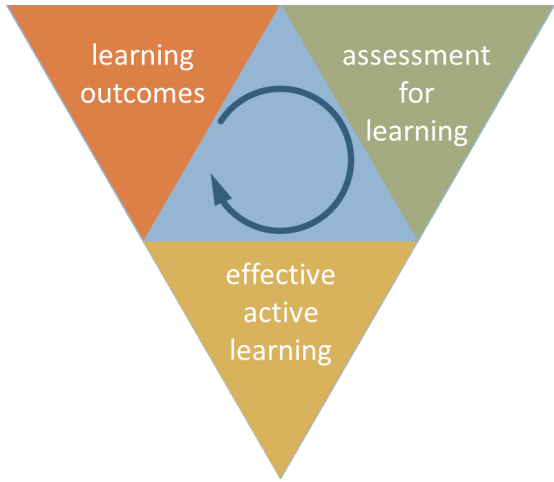

(Bain, 2004)

breakout rooms

1. Copy the link I'm posting in the Chat Window
 2. Open a browser window, paste the link, and view my Google slides
 3. Join your breakout room
 4. One person in your breakout room: please share your browser (either the window or your screen) A black rectangular button with a green square containing a white upward-pointing arrow, and the text "Share Screen" in green below it.
 5. Use the Annotate tools to work together to complete tasks on Slide 2
- We'll return to the Main Room in about 10 minutes – watch for a message.

1. What are these data showing?
Make up axes and a title.

2. What are you feeling confident about for the Fall Term?

3. What are you feeling anxious about?

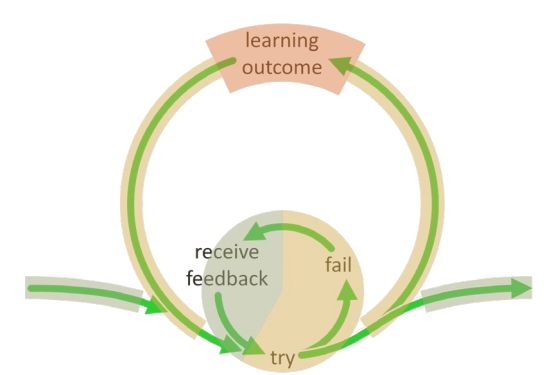

What are you feeling confident about for the Fall Term?

What are you feeling anxious about?
