

Transfer to MEng Financial Agreement

I, _____, understand that transferring to the MEng program from a thesis program comes with additional financial responsibilities. The MEng program requires payment of a minimum of 3 terms of full-time tuition at the MEng rate, not including the Co-op rate. I will be informed of which MEng payment step I will start on by the College of Graduate Studies once the transfer is processed, which may not include any previously paid tuition amounts.

I understand that if I should finish sooner than the 3 MEng tuition terms are applied this amount will be added at the end of my program, and I will not be able to obtain my degree parchment until all of these outstanding fees have been paid.

More information about tuition fees can be found in the Academic Calendar:
